David –

Section 316 permitting can be done under this WA, for any of your Region 1 facilities. This just helps us create more obvious charging so we know where the money is being spent/on what facility.

Thanks for your input,

Jamie,

If these numbers serve as place holders for 316(b) permits that we may be seeking contractor assistance for this year, please add Pilgrim Nuclear Power Station (PNP). Like Schiller and Mt Tom there is not work assignment yet for PNPS (unless Damien started something – he is out for the next few days).

David,

I believe it would be more appropriate for you to respond to Jamie.

John & Damien –

Are there any other facilities we should set up a charge code for? See below.

Hello—

That was fast! We got it in today.

As a start, do you know what charge codes you would like us to set up? I assume you'll want them split out by facility again. Here's what we had last time:

Charge Code	Task
29899-28.00	Management
29899-28.Q0	QAPP
29899-28.01	Permits
29899-28.02	Merrimack
29899-28.03	Manchester Street
29899-28.04	Huntley
29899-28.05	GEAE
29899-28.06	Schiller
29899-28.07	Mt Tom

It's pretty easy to add new ones, but I just wanted to take a good first swing at the list at the outset.

Thanks!

Kelly
